Consolidated Report on HAVA  
Title I, Section 101  
“Early Out” Funds

HAVA, under Section 101 provided funding for one or more of the following purposes, as indicated by Oregon’s certification of Section 101:

- Complying with requirements of Title III of the Act;
- Improving the administration of elections for Federal office;
- Educating voters concerning voting procedures, voting rights, and voting technology;
- Training election officials, poll workers, and election volunteers;
- Developing the State plan for requirements payments to be submitted under Part 1 of Subtitle D of Title II (Sections 251-257) of the Act;

- Improving the accessibility and quantity of polling places, including providing physical access for individuals with disabilities, providing non-visual access for individuals with visual impairments, and providing assistance to Native Americans, Alaska Native citizens, and to individuals with limited proficiency in the English language; and/or
- Establishing a toll-free telephone hotline that voters may use to report possible voting fraud and voting rights violations, to obtain general election information, and to access detailed automated information on their own voter registration status, specified polling place locations, and other relevant information.

**RESPONSE:**

Title I, Section 101 “Early Out” Funds to Oregon were dedicated in the majority of all categories, however I would like to highlight five (5) areas: 1.) complying with requirements of Title III; 2.) improving the administration of elections for Federal office; 3.) educating voters concerning voting procedures, voting rights, and voting technology; 4.) training election officials, poll workers and election volunteers; 5.) and establishing a toll-free telephone hotline. See Attached List/Table for complete detail of all expenses for Section 101 during this time period.

1.)

In complying with requirements of Title III of the Act, Oregon has moved forward with the development, procurement and the implementation of a Centralized Voter Registration System (OCVR). In compliance with HAVA and as stated in the Oregon Election Plan, we are establishing a single statewide voter registration database with integrated election management capabilities available for all 36 counties and the Secretary of State’s office and designed around Oregon’s unique vote by mail election requirements and all applicable state laws. Oregon’s Saber Consulting was hired to develop and implement the Central Voter Registration System and currently the process is on schedule. Allocated budget for OCVR is \$17,500.00.

ORIGINAL

Oregon applied to the Office of Election Administration for a waiver, extending our state's compliance date to January 1, 2006.

**Total Central Voter Registration Expenses, excluding personnel, for this time period: \$3,164,017.82**

2.)

In improving the administration of elections for Federal office, Oregon hired a total of seven (7) employees to manage the implementation of HAVA and OCVR. These seven employees work with a series of committees representing election officials and public members representing community organizations concerned with voter participation. Payroll and total benefits for these employees for this time period is \$618,625.45.

Associated operational costs for HAVA include rent, postage, telecommunication, office supplies, data processing supplies, PC Hardware, and legal fees. Total operational expenses for HAVA for this time period is \$74,475.10

An additional program that improved the administration of elections for Federal office were the changes and re-design of our voter registration forms because of the new identification requirements for voters who register by mail and who have not previously voted in an election for federal office. These changes required us to update and re-design all our voter education materials. Both voter registration forms and voter education materials were provided in both English and Spanish. Total costs related to printing of all the publications for this time period is \$155,808.99.

**Total expenses for improving the administration of elections for Federal office for this time period: \$856,307.70**

3.)

In educating voters concerning voting procedures, voting rights, and voting technology; Oregon contracted with King Broadcasting to provide a three phase comprehensive media program in both English and Spanish that served as a Secretary Of State Public Information Campaign to Oregon's voting public for the Help America Vote Act during the '04 General Election. Total Public Service Announcement's for television and radio provided under this contract from September 1 – November 2, 2004 was 3,019 and covered approximately 98% of all Oregonians. Total expenses for this program were \$119,028.00.

An additional program that educated voters concerning voting procedures using technology was the Audio Voters' Pamphlet (AVP) Project for the 2004 General Election. In an attempt to provide greater accessibility to both informational and educational materials related to elections, the Secretary of State, Elections Division produced several versions of an Audio Voters' Pamphlet (AVP) for the 2004 General Election. This was accomplished through a sole source contract with Independent Living Resources (ILR) of Portland. The following versions were utilized: CD version, 2-track cassette tape version, Streaming audio version accessible on the Internet, and MP3 version available for download from the internet (allowing the user to create their own CD's). The goal was to have ILR produce and distribute at least 700 AVP's throughout

ORIGINAL

the state. While this number was not attained, the AVP was distributed to the largest audience since its' inception. There were 481 requests to the ILR for the AVP. The AVP was distributed in the following numbers with the corresponding formats: CD AVP – 61 Fulfilled requests, 2-Track cassette AVP – 420 Fulfilled requests, Streaming AVP on the SOS web site – Unknown, and Number of MP3 downloads of AVP sound files – Unknown. Total expenses for this program were \$13,379.01.

**Total expenses for educating voters concerning voting procedures, voting rights, and voting technology for this time period: \$148,204.10**

4.)

In training election officials, poll workers and election volunteers; Oregon provided \$41,748.78 in In State and Out of State training and travel to local and state election officials for this time period. Training included all subjects related to elections including HAVA.

**Total expenses for training election officials, poll workers and election volunteers for this time period: \$42,299.29**

5.)

In March 2004, Oregon implemented 1.866.ORE.VOTES/673.8683. This is a toll-free telephone hotline that voters may use to report possible voting fraud and voting rights violations, to obtain general election information, and to access detailed automated information on their own voter registration status, specified drop-site locations, and other relevant information. The toll-free line is available Monday-Friday from 8:00 AM – 5:00 PM with representatives providing services in both English and Spanish. TTY services for the hearing impaired are also available at 1-866-350-0596. Voters can also be connected to their County Elections office or to the Secretary of State's Elections Division.

**Total Toll-Free Line Expenses for this time period: \$28,265.98**

**Total Early Out Funding/Allocation: \$4,203,776**
